ABSTRACT

This report looks at student retention in Texas over a 4-year period, beginning with the 1993-94 school year. Grade-level retention is typically defined as having a student repeat an unsuccessful grade or holding back a child not developmentally ready to enter school. The information is analyzed by grade, ethnicity, and gender, as well as other student characteristics. The report is intended to provide the legislature, the Texas Education Agency, and educators with a basis for reviewing current policies related to grade-level retention. Data were collected using the Public Education Information Management System. Highlights of the report show that in 1996-97, a total of 147,202 students were retained in grade. The overall retention rate for students in grades K-12 was 4.2 percent. The highest retention rate was found in grade 9, at 17.8 percent. Retention rates were higher among males than females, among Hispanic and African American students compared to White students or others, and among economically disadvantaged students compared to advantaged students. The highest retention rates were found in large urban districts. Four-year trends in retention rates are presented in bar graphs and data tables. Four statistical appendices comprise the bulk of the report, detailing total grade-level retention by grade and ethnicity, by district characteristics, by campus characteristics, and by grade. (CDS)

Highlights

How extensive is grade level retention in Texas?

- In 1996-97, a total of 147,202 students were retained in grade.
- The overall retention rate for students in Grades K-12 was 4.2 percent.
- The highest retention rate was found in Grade 9 (17.8 percent).
- At the elementary level, the highest retention rate was found in Grade 1 (5.6 percent).

Who is retained?

- Males were retained more often than females.
- Hispanic and African American students were retained more often than White students or students from other ethnic groups.
- Economically disadvantaged students were retained more often than students who were not economically disadvantaged.

Where are they retained?

- Districts in urban areas (excluding 16 charter schools) had the highest retention rates in 1996-97.
- Districts and campuses with higher percentages of minority and economically disadvantaged students had higher retention rates.

Introduction

Texas Education Code, §39.182, requires the Texas Education Agency (TEA) to submit a comprehensive biennial report that includes, among other data, a summary of information related to grade level retention of students in the Texas public school system.

Grade level retention is typically defined as having a student repeat a grade he or she was unable to successfully complete, or holding back a child who is of appropriate chronological age but not developmentally ready or mature enough to enter school (Shepard, 1989). The primary goal of retention is to give a student a year to grow and master the academic tasks of the current grade level before advancing to the next level. Governor George W. Bush's Texas Reading Initiative has proposed enrolling students who fail the Texas Assessment of Academic Skills (TAAS) at gateway grades of 3, 5, and 8 in accelerated classes designed to ensure students learn the skills needed to catch up and continue with their classmates. Strategies such as after-school programs, individual tutoring, and summer school are proposed as the first response to TAAS failure. Reading academies are also being established to concentrate assistance in that subject. In-grade retention is the avenue of last resort.

This report looks at retention in Texas based on data collected over a four-year period, beginning with the 1993-94 school year. The information is analyzed by grade, ethnicity, and gender, as well as other student characteristics. The report will provide the legislature, TEA, and educators with a basis for reviewing current policies related to grade level retention.

Methodology

Data Collection

The Public Education Information Management System (PEIMS) was used to collect data on the grade levels of students in the Texas public school system (TEC §29.083). The values for the total numbers of students enrolled and retained were determined by comparing student grade levels during the final six-week attendance period of the year and October enrollment data for the subsequent year.

Grade Level Retention

Student-level files were compared to identify students who: (a) were enrolled both years; (b) left after the first year; and (c) were new to Texas public schools in the second year. As used to compute grade level retention rates, total enrollment (or "total students") included students who attended any six-week attendance period of the first year and graduated that year or returned the following year. Students who dropped out or migrated out of Texas public schools after the first year were excluded from the total student counts. For students enrolled in both years, the numbers enrolled in the same grades were determined. Each student enrolled in the same grade for two consecutive years was identified as retained. The retention rate was calculated by dividing the number of students retained by the total enrolled.

Trends in Grade Level Retention

To investigate possible trends in grade level retention, data for four successive years is presented, beginning with the 1993-94 school year. Retention rates were investigated across grade levels, ethnic groups, and gender. Longer-term data collection may be necessary to clarify trends in grade level retention in Texas public schools.

Grade Level Retention of Students

Number of Students Retained

Table 1 shows the grade level retention rates for the 1993-94 through 1996-97 school years. Of the total number of Texas public school students reported in kindergarten through Grade 12 in the 1993-94 school year, 4.0 percent (125,959) were retained in grade. The retention rate remained stable in the 1994-95 school year, when 4.0 percent (128,369) were again retained. The retention rate rose to 4.3 percent in the 1995-96 school year and declined slightly to 4.2 percent in 1996-97. Nevertheless, the absolute number of students retained increased each year.

Table 1. Historical Review of Grade Level Retention			
Year	**Total Students***	**Number Retained**	**Retention Rate**
1993-94	3,129,085	125,959	4.0%
1994-95	3,193,214	128,369	4.0%
1995-96	3,399,451	144,683	4.3%
1996-97	**3,475,407**	**147,202**	**4.2%**

* The value for "Total Students" is derived using information from two consecutive PEIMS submissions. it is not the same as fall enrollment counts that districts report directly to PEIMS.

Grade Level Retention by Grade

Figure 1 graphically displays the percentage of students retained in each grade over the four-year period from 1993-94 to 1996-97. As the figure indicates, the percentage of students retained varied markedly by grade. Students in ninth grade had the highest average retention rate in each of the four years. Moreover, the retention rates for all high school grades except 12th were well above the average retention rate for all students each year.

Figure 1. Trend in Retention Rates by Grade

Table 2. Students Retained in Ninth Grade										
	White		African American		Hispanic		Other Minority		Total	
Year	Total Retained	Retention Rate	Total Retained	Retention Rate	Total Retained	Retention Rate	Total Retained	Retention Rate	Total Retained	Retention Rate
1993-94	10,863	8.9%	8,921	24.0%	21,696	24.3%	524	8.2%	42,004	16.5%
1994-95	11,764	9.2%	9,190	23.2%	23,944	25.0%	534	7.8%	45,432	16.8%
1995-96	13,409	9.9%	10,414	24.2%	27,603	25.9%	647	8.7%	52,073	17.8%
1996-97	**13,229**	**9.6%**	**10,506**	**24.2%**	**29,076**	**25.9%**	**669**	**8.5%**	**53,480**	**17.8%**

Grade Level Retention in Grade 9. Table 2 displays the number and percentage of students retained by ethnicity in Grade 9 for the four-year period. Between the 1993-94 and 1996-97 school years, the number of students repeating Grade 9 rose by 11,400, and the retention rate increased from 16.5 percent to 17.8 percent. Approximately one out of six ninth grade students was repeating the grade each year. Compared with White students and students in other ethnic groups, disproportionately larger percentages of Hispanic and African American students were retained relative to their enrollment. Even in terms of absolute numbers, more than twice as many African American and Hispanic students as White students were retained in ninth grade in 1996-97. Approximately one-fourth of all students in these two ethnic groups were retained in ninth grade.

Grade Level Retention in Grade 1. At the elementary level, the highest retention rate was found in first grade. Table 3 presents the number and percentage of students retained in Grade 1 by ethnicity over the period between 1993-94 and 1996-97. In 1996-97, the retention rate for first-graders of 5.6 percent was lower than the 5.9 percent observed the previous year. As in ninth grade, Hispanic and African American students accounted for the highest proportions of students retained in first grade.

Table 3. Students Retained in First Grade										
	White		African American		Hispanic		Other Minority		Total	
Year	Total Retained	Retention Rate	Total Retained	Retention Rate	Total Retained	Retention Rate	Total Retained	Retention Rate	Total Retained	Retention Rate
1993-94	6,045	4.8%	2,721	7.1%	7,482	7.4%	231	3.8%	16,479	6.0%
1994-95	5,714	4.6%	2,708	7.0%	7,353	7.1%	223	3.4%	15,998	5.8%
1995-96	5,953	4.6%	3,174	7.4%	7,956	7.0%	216	3.0%	17,299	5.9%
1996-97	**5,655**	**4.4%**	**3,039**	**7.0%**	**7,866**	**6.6%**	**217**	**3.0%**	**16,777**	**5.6%**

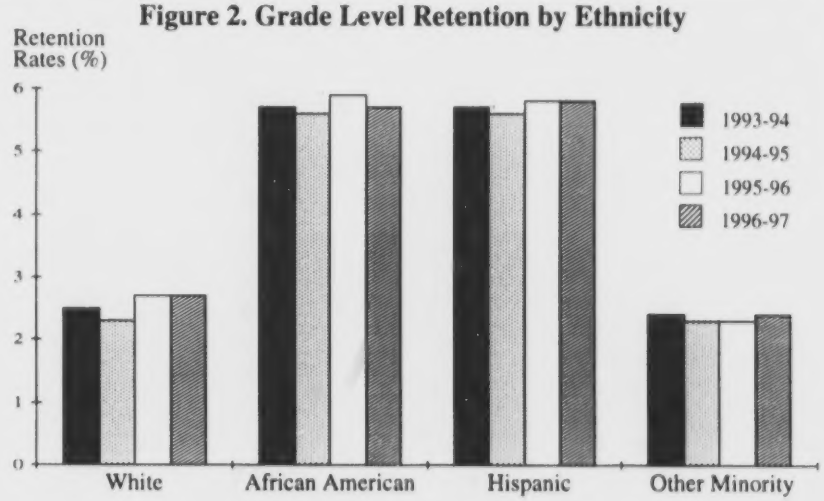
Grade Level Retention by Gender

Over the four-year period, males were more likely to be retained than females at every grade level and within each ethnic group. About 3.2 percent of female students were retained in the 1993-94 and 1994-95 school years, compared to 4.8 percent of males during the same period. The rate increased to 5.1 percent for males in the 1995-96 school year and slightly declined to 5.0 percent in 1996-97, whereas 3.4 percent of female students were retained in both years. Male students made up 61 percent of all retained students over the four years.

Grade Level Retention by Ethnicity

Historically, minority students have been overrepresented in the population of students being retained. As Figure 2 shows, Hispanic and African American students were, on average, retained at least twice as often as White students or students from other ethnic groups. In 1996-97, for example, 2.7 percent of White students were retained in grade, compared to 5.8 percent of Hispanic students and 5.7 percent of African American students. At 2.4 percent, the retention rate was lowest that year for students from other ethnic groups.

Figure 2. Grade Level Retention by Ethnicity

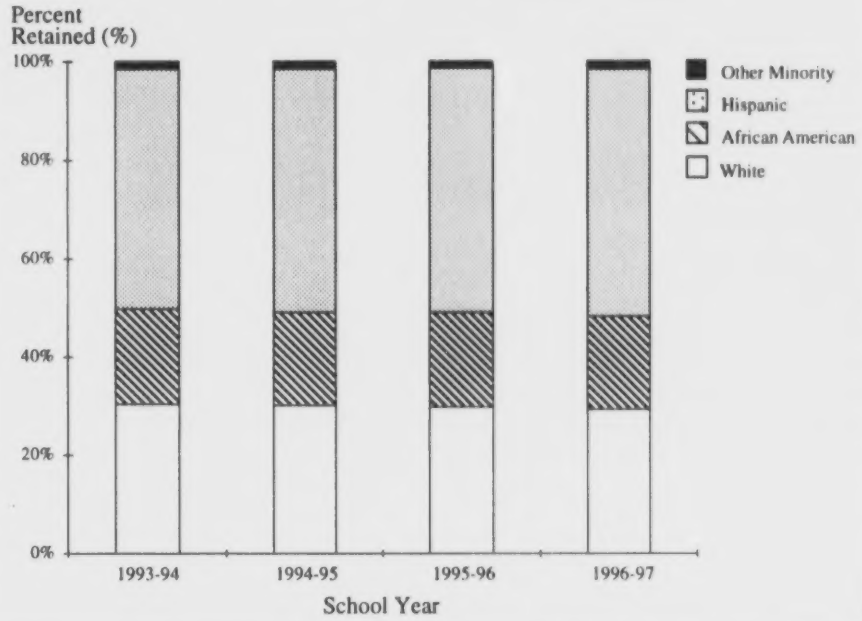


Total Number of Students Retained

	White	African American	Hispanic	Other Minority
1993-94	38,375	24,363	61,385	1,836
1994-95	38,593	24,452	63,490	1,834
1995-96	43,302	27,871	71,453	2,057
1996-97	43,308	27,632	74,103	2,159

BEST COPY AVAILABLE

Figure 3. Percentage of Total Retained by Ethnicity



Each year during the four-year period, almost 7 out of 10 students retained in Texas public schools were either Hispanic or African American. (Only about 5 out of 10 enrolled Texas public school students that year were from these two ethnic groups.) As Figure 3 indicates, Hispanic students have consistently represented the largest percentage of students retained each year, followed by White students.

Appendix A summarizes grade level retention for the 1993-94, 1994-95, 1995-96, and 1996-97 school years by grade and ethnicity. The table lists the number and percentage of students retained in each grade by ethnic group.

Grade Level Retention by Student Characteristics

Special Education Students. Table 4 compares the retention rates of students in special education programs for the four-year period to the retention rates of students in non-special education classrooms. Each student in a special education program has an individual education plan with goals and objectives the student must meet on a yearly basis. If these goals are met, the student progresses to the next grade level. Table 4 shows that a disproportionately large number of special education students were retained each year compared to their non-special education counterparts.

Table 4. Grade Level Retention of Students in Special Education				
	Special Education Students		Non-Special Education Students	
Year	Total Retained	Retention Rate	Total Retained	Retention Rate
1993-94	22,434	6.0%	103,525	3.8%
1994-95	23,633	6.0%	104,736	3.7%
1995-96	26,792	6.2%	117,891	4.0%
1996-97	**28,276**	**6.2%**	**118,926**	**3.9%**

Second Language Learners. Students who are second language learners (SLL) are faced with the burden of learning English at the same time they are learning reading and other skills. Reading and language problems have been shown to be highly correlated with elementary grade retention (Kaczala, 1991; Marcon, 1993). Depending on their levels of English skills, some SLL students enroll in bilingual or English as a second language (ESL) programs. In 1996-97, just over 86 percent of SLL students participated in bilingual/ESL programs. The retention rates for SLL students are presented in Table 5. The table has been separated into two grade spans due to the small numbers of secondary students receiving bilingual services.

In 1996-97, all SLL students in the elementary grades (whether receiving bilingual, ESL, or no language services) had retention rates that were similar, although the rates consistently were higher than the rates for non-SLL students. In high school, the retention rates for SLL students receiving ESL services and SLL students not receiving services were notably higher than the rates for non-SLL students over the four years.

Table 5. Grade Level Retention of Students Who Are Second Language Learners (SLL)										
		Receiving Bilingual Services		Receiving ESL Services		Receiving No Services		Total SLL Students		Total Non-SLL Students	
Grade	Year	Total Retained	Retention Rate	Total Retained	Retention Rate	Total Retained	Retention Rate	Total Retained	Retention Rate	Total Retained	Retention Rate
KG - 6	1993-94	4,637	2.9%	2,133	3.4%	735	2.9%	7,505	3.0%	30,970	2.0%
	1994-95	4,803	2.8%	2,141	3.1%	740	2.8%	7,684	2.9%	30,816	2.0%
	1995-96	4,929	2.7%	2,303	3.1%	755	2.9%	7,987	2.8%	35,440	2.1%
	1996-97	**5,036**	**2.6%**	**2,302**	**2.8%**	**848**	**2.8%**	**8,186**	**2.7%**	**35,188**	**2.1%**
7 - 12	1993-94	55	6.1%	7,447	12.4%	2,201	10.6%	9,703	12.0%	77,781	6.4%
	1994-95	64	4.9%	7,772	12.1%	2,407	11.0%	10,243	11.7%	79,626	6.4%
	1995-96	57	5.1%	8,088	11.9%	2,437	11.2%	10,582	11.6%	90,674	6.8%
	1996-97	**71**	**8.3%**	**8,504**	**12.1%**	**2,946**	**11.5%**	**11,521**	**11.9%**	**92,307**	**6.7%**

Economically Disadvantaged Students. As Table 6 indicates, the retention rates for students identified as economically disadvantaged were consistently higher than those for other students over the four-year period. Economically disadvantaged students represented a higher proportion each year of both the total number of students enrolled and retained in Texas public schools. In 1996-97, some 45.4 percent of students overall and 54.2 percent of retained students were identified as economically disadvantaged.

Grade Level Retention by District/Campus Characteristics

District Characteristics. Texas school districts differ considerably based on characteristics such as community type, size, student performance, and expenditures. Retention rates in districts across these categories differ as well. Appendix B includes a list of retention rates by district characteristics for 1996-97.

Districts in urban areas (excluding 16 charter schools) had the highest retention rates in 1996-97. Higher retention rates also were generally associated with districts that had higher percentages of minority students, higher percentages of economically disadvantaged students, higher than average teacher salaries, larger percentages of minority teachers, and lower percentages of students passing the Texas Assessment of Academic Skills (TAAS). As might be expected, many of these characteristics are typical of districts classified as urban.

Campus Characteristics. Higher retention rates were associated with campuses in urban areas and with campuses that had characteristics similar to those of districts with higher retention rates. One exception was the absence of a clear relationship between retention rates and percentages of students identified as economically disadvantaged at the campus level. Appendix C includes a list of retention rates by campus characteristics for 1996-97.

Table 6. Grade Level Retention of Economically Disadvantaged Students

	Economically Disadvantaged Students		Non-Economically Disadvantaged Students	
Year	Total Retained	Retention Rate	Total Retained	Retention Rate
1993-94	63,935	4.9%	62,024	3.4%
1994-95	66,237	4.9%	62,132	3.4%
1995-96	75,640	5.0%	69,043	3.6%
1996-97	**79,718**	**5.1%**	**67,484**	**3.6%**

Conclusions

During the four-year period between 1993-94 and 1996-97, the number of students retained increased from approximately 126,000 (4.0%) to 147,000 (4.2%). Moreover, retention appears to affect disproportionately larger shares of minority ethnic populations; nearly 7 out of 10 students retained each year were Hispanic or African American.

By far, the highest rates of retention over the four-year period were found in the ninth grade, where about one out of six students was repeating the grade each year. At the elementary level, retention occurred most frequently in the first grade.

Consistent gender differences were evident in retention rates for the four years, as well, with male students having higher retention rates than female students at every grade level and within each ethnic group.

Students receiving special education services had higher retention rates than non-special education students. In addition, second language learners, who confront the difficult task of learning both a new language and a new curriculum at the same time, were retained at higher rates than non-SLL students.

At the district and/or campus levels, higher retention rates were generally observed in urban school districts. Rates also increased among districts and campuses with higher percentages of minority students and lower percentages of students passing the TAAS.

Appendix B
TEXAS EDUCATION AGENCY
1996-97 DISTRICT ANALYZE CATEGORY DESCRIPTIONS

ENROLLMENT
A nine-category grouping based on the total number of students enrolled by district as of the Public Education Information Management System (PEIMS) fall collection date (late October of each year). Enrollment excludes students who are served but not enrolled by districts.

DISTRICT TYPE
Classification of school districts based on factors such as size, growth rates, and proximity to urban areas is listed below. The charter school districts are in a separate category.

Major Urban. The state's largest metropolitan districts serving the Houston, Dallas, San Antonio, Fort Worth, Austin, and El Paso areas.

Major Suburban. Other districts in and around the major urban areas.

Other Central City. Major districts in other large Texas cities.

Other Central City Suburban. Other districts in and around the other large, but not major, Texas cities.

Independent Town. Largest districts in counties with populations of 25,000 to 100,000.

Non-Metro: Fast Growing. Districts not fitting in any of the preceding categories but exhibiting a five-year growth rate of at least 20 percent with at least 300 students enrolled.

Non-Metro: Stable. Districts not fitting in any of the preceding categories but with an enrollment exceeding the state median.

Rural. Districts not fitting in any of the preceding categories; districts either with an enrollment between 300 and the state median and a growth rate less than 20 percent, or with an enrollment less than 300.

Charter Schools. The 16 open-enrollment schools chartered by the State Board of Education for operation during 1996-97. Charter schools operate in facilities of commercial or nonprofit entities or districts.

PROPERTY WEALTH
Total taxable property value divided by enrollment, which indicates district ability to raise local funds on a per pupil basis. The property value used is total taxable value for the last completed calendar year (i.e., 1996) as determined by the Comptroller's Property Tax Division (CPTD). Enrollment is for the 1996-97 school year. The first wealth grouping shows 10 categories; the second simply shows districts above and below state average wealth; the third is a 20-category grouping, with each category representing about 5 percent of the state's students. The six special statutory and 16 charter school districts without taxable property wealth form a separate group in all three wealth groupings.

TOTAL TAX EFFORT
A five-category tax effort grouping of districts defined by the total effective tax rate, which was determined by dividing the last completed calendar year's total levy amount by that year's CPTD total taxable property value. The total effective rate is the sum of the school district maintenance and operations (M&O) rate, and the interest and sinking fund standardized rate. Rates are expressed per $100 of taxable value. The fifth category is reserved for the six special statutory and 16 charter school districts without property tax levies.

MAINTENANCE AND OPERATIONS EFFECTIVE TAX RATES
A five-category tax effort grouping of districts showing the M&O effective tax rate, which was determined by dividing the last completed calendar year's M&O levy amount by that year's CPTD total taxable property value. The M&O rates shown include the local standardized rate and money generated by districts for equalizing wealth. The fifth category is reserved for the six special statutory and 16 charter school districts without property tax levies.

HIGHEST PROPERTY VALUE CATEGORY
A CPTD classification based on property use. Thirteen CPTD categories are aggregated into four categories as follows.

Residential. Single-family, multi-family, and residential inventory.

Land. Vacant lots and rural real property (taxable).

Oil and Gas. Oil, gas, and minerals.

Business. Commercial and industrial real property, commercial and industrial personal property, and utilities.

A district is placed into one of the four preceding categories that represents its greatest total property value. The six special statutory and 16 charter school districts without taxable property wealth form a separate group.

SMALL/SPARSE ADJUSTMENT
A five-category grouping of districts based on the small/sparse adjustment amount as a percentage of the total adjusted basic allotment amount. This percentage represents the extent to which state funding is adjusted to compensate for small and/or sparsely populated districts. The fifth category is reserved for districts receiving no small/ sparse adjustment.

COST OF EDUCATION INDEX LEVEL
A five-category grouping of districts based on the Cost of Education Index (CEI) level. It reflects geographic variations in costs and prices outside district control. The current index, which has a minimum value of 1.0 and a maximum of 1.2, was implemented in 1991-92.

OPERATING COST PER STUDENT
A five-category grouping of districts based on operating cost per student. Operating costs are the sum of all expenditures budgeted for the operation of the district for all funds. The operating expenditures are a subset of the total expenditures; they do not include debt service, capital outlay, or ancillary services expenditures. Per student amounts are the current school year expenditures divided by enrollment. The source for budgeted expenditures is the fall PEIMS submission.

EDUCATION SERVICE CENTER REGION
The state is divided into 20 geographic regions; districts within each region are served by an education service center.

TAAS: PERCENT PASSING ALL TESTS TAKEN
A six-category grouping of districts based on the percentage of students passing the Texas Assessment of Academic Skills (TAAS). For Grades 3-8 and 10, the total number of students passing all sections taken of the TAAS is expressed as a percentage of the total number of students taking one or more tests. This percentage (a) excludes students taking the test in Spanish and special education students; and (b) includes only those students in the district in October of the school year, which is the percentage used for accountability purposes. The sixth category is reserved for districts not administering the test.

SAT I/ACT: PERCENT TAKING
A four-category grouping based on the percentage of 1995-96 graduates taking the SAT I and/or the ACT Assessment. The fourth category is reserved for districts that had no graduates.

SAT I/ACT: PERCENT SCORING AT OR ABOVE CRITERION
A six-category grouping based on the percentage of 1995-96 examinees who scored at or above the criterion (1110 on the SAT I Total and/or 24 on the ACT Composite) on the SAT I and/or ACT. The number meeting the criterion is divided by the number of examinees. The sixth category is reserved for districts that had no examinees.

STUDENT DENSITY
A five-category grouping based on density, or the number of students enrolled per square mile. District square miles were determined through a joint effort by the State Property Tax Board (SPTB, now the CPTD), the Texas Education Agency (TEA), and the Texas Water Commission (TWC). Maps provided by districts to the SPTB were digitized by TWC to determine acreage. The fifth category is reserved for the six special statutory and 16 charter school districts without available mileage information.

ENROLLMENT CHANGE FROM PRIOR YEAR
A five-category grouping based on the growth or decline in district student population over a one-year period. Districts with declining enrollment represent one category, while the remaining categories show one-year growth rates ranging from "0%-3%" to "10% and over."

PERCENT AFRICAN AMERICAN, HISPANIC, AND MINORITY STUDENTS
Three six-category sets of groupings based on the ethnic composition of district student populations, as reported on PEIMS. Minority percent is calculated as the sum of all non-White populations expressed as a percentage of the total. Non-White populations include American Indian or Alaskan Native; Asian or Pacific Islander; African American, not of Hispanic origin; and Hispanic.

PERCENT ECONOMICALLY DISADVANTAGED STUDENTS
A six-category grouping based on the percentage of students enrolled in the district who are classified as economically disadvantaged on PEIMS as follows:

a) eligible for free or reduced-price meals under the National School Lunch and Child Nutrition Program;
b) from a family with an annual income at/below the federal poverty line;
c) eligible for Aid to Families with Dependent Children (AFDC) or other public assistance;
d) recipient of a Pell Grant or comparable state need-based financial assistance program; or
e) eligible for programs assisted under Title II of the Job Training Partnership Act.

AVERAGE TEACHER EXPERIENCE
A four-category grouping of average teacher experience years computed as the total professional experience years for each district teacher multiplied by each teacher's full-time-equivalent (FTE) count, followed by summing these products for the whole district, and dividing by the total teacher FTE count.

AVERAGE TEACHER SALARY
A four-category grouping by average district teacher salary computed as the total salary of teachers divided by the total teacher FTE count. Total salary amount does not include any other supplement.

PERCENT MINORITY TEACHERS
A six-category grouping based on the minority composition of district teaching populations. Minority percentage is calculated by summing all non-White teacher FTEs and dividing by the total teacher FTEs.

PERCENT TEACHERS WITH ADVANCED DEGREES
A four-category grouping by district percentage of teachers with advanced degrees computed as the FTE count of teachers with master's or doctoral degrees divided by the total teacher FTE count.

Appendix C
TEXAS EDUCATION AGENCY
1996-97 CAMPUS ANALYZE CATEGORY DESCRIPTIONS

CAMPUS TYPE

Campuses are classified into four categories based on the range of grades offered. Total membership as reported to the Texas Education Agency (TEA) is used to construct grade ranges. The categories are:

1. Elementary Schools
2. Middle and Junior High Schools
3. High Schools
4. K–12 Schools

CAMPUS ACCOUNTABILITY RATING

This category refers to the campus rating based on the 1997 accountability system. A campus' rating is based on performance on the Texas Assessment of Academic Skills (TAAS), the dropout rate, and the attendance rate. The four levels of accountability ratings for campuses and the general conditions of each of the criteria are as shown:

1997 Rating	TAAS Passing	Dropout Rate	Attendance Rate
Exemplary	>=90%	<=1.0%	>=94%
Recognized	>=75%	<=3.5%	>=94%
Acceptable	>=35%	<=6.0%	>=94%
Low-Performing	<35%	>6.0%	>=94%

Some campuses are shown as "Alternative Education," "Not Rated," or "Not Applicable." Campuses classified as "Alternative Education" are evaluated separately under an alternative education accountability system. "Not Rated" campuses include those that do not serve students within the 1st through 12th grade span, such as prekindergarten centers and early education through kindergarten schools, as well as schools that serve only students in special education. "Not Applicable" campuses are those with insufficient data to evaluate and first-year charter schools.

AVERAGE TEACHER EXPERIENCE

A six-category grouping of average teacher experience years computed as total professional experience years for all campus teachers divided by the total teacher full-time equivalent (FTE) count. The sixth category, "Not Applicable," is reserved for campuses reporting enrollment but not teachers.

PERCENT OF TEACHERS WITH ADVANCED DEGREES
A six-category grouping by district percentage of teachers with advanced degrees computed as the FTE count of teachers with master's or doctoral degrees divided by the total teacher FTE count. The sixth category is reserved for campuses with unreported teacher FTEs or campuses with no teachers with advanced degrees.

PERCENT MINORITY, AFRICAN AMERICAN, AND HISPANIC TEACHERS
Three five-category sets of groupings based on the ethnic composition of campus teacher populations, as reported on the Public Education Information Management System (PEIMS). Minority percent is calculated as the sum of all non-White populations expressed as a percentage of the total. Non-White populations include American Indian or Alaskan Native; Asian or Pacific Islander; African American, not of Hispanic origin; and Hispanic.

AVERAGE TEACHER SALARY
A six-category grouping by average campus teacher salary computed as the total salary of teachers divided by the total teacher FTE count. Total salary amount does not include any other supplement. The sixth category, "Not Applicable," is reserved for campuses reporting enrollment but not teachers.

AVERAGE STUDENT/TEACHER RATIO
A six-category grouping by average student/teacher ratio computed as the total number of students at each campus divided by the total teacher FTE count at the campus. The sixth category, "Not Applicable," is reserved for campuses reporting enrollment but not teachers.

INSTRUCTIONAL COST PER PUPIL
A six-category grouping of campuses based on the instructional cost per pupil. Instructional costs are the sum of expenditures budgeted for all activities dealing directly with the instruction of pupils, including instruction through the use of computers. The per pupil amounts are the current school year budgeted expenditures divided by the current number of students in membership. The source for budgeted expenditures is the fall PEIMS submission.

ENROLLMENT GROUPINGS
A five-category grouping based on the total number of students enrolled by campus as of the PEIMS fall collection date (late October of each year). Enrollment excludes students who are served by the campus but not in membership at that campus.

PERCENT MINORITY, AFRICAN AMERICAN, AND HISPANIC STUDENTS

Three five-category sets of groupings based on the ethnic composition of campus student populations, as reported on PEIMS. Minority percent is calculated as the sum of all non-White populations expressed as a percentage of the total. Non-White populations include American Indian or Alaskan Native; Asian or Pacific Islander; African American, not of Hispanic origin; and Hispanic.

PERCENT INCREASE IN PUPILS (95/96 - 96/97)

A six-category grouping of campuses based on the growth or decline in student population over a one-year period. The sixth category, "New Campuses," is reserved for campuses reporting students in the fall of 1996 for the first time.

PERCENT ECONOMICALLY DISADVANTAGED PUPILS

A five-category grouping based on the campus percentage of enrolled students classified as economically disadvantaged on PEIMS as follows:

a) eligible for free or reduced-price meals under the National School Lunch and Child Nutrition Program;
b) from a family with annual income at/below the federal poverty line;
c) eligible for Aid to Families with Dependent Children (AFDC) or other public assistance;
d) recipient of a Pell Grant or comparable state need-based financial assistance program; or
e) eligible for programs assisted under Title II of the Job Training Partnership Act.

TAAS: PERCENT PASSING ALL TESTS TAKEN (96-97)

A six-category grouping of campuses based on the percentage of students passing the TAAS. For Grades 3-8 and 10, the total number of students passing all sections taken of the TAAS is expressed as a percentage of the total number of students taking one or more tests. This percentage (a) excludes students taking the test in Spanish and special education students; and (b) includes only those students enrolled in the district in October of the school year, which is the percentage used for accountability purposes. The sixth category is reserved for campuses not administering the test.

AVERAGE DROPOUT RATE (95-96)

A five-category grouping of campuses based on the total number of dropouts in Grades 7-12 expressed as a percentage of the total number of students in membership in Grades 7-12. The fifth category, "Not Applicable," is reserved for elementary grade level campuses.

SAT I/ACT: PERCENT TAKING (95-96)
A six-category grouping based on the percentage of 1995-96 graduates taking the SAT I and/or the ACT Assessment. The sixth category is reserved for campuses that had no graduates.

SAT I/ACT: PERCENT SCORING AT OR ABOVE CRITERION (95-96)
A six-category grouping based on the percentage of 1995-96 examinees who scored at or above the criterion (1110 on the SAT I Total and/or 24 on the ACT Composite) for the SAT I and/or ACT. The number meeting the criterion is divided by the number of examinees. The sixth category is reserved for campuses that had no examinees.

Make check or money order payable to:
Texas Education Agency

COMPLIANCE STATEMENT

TITLE VI, CIVIL RIGHTS ACT OF 1964; THE MODIFIED COURT ORDER, CIVIL ACTION 5281, FEDERAL DISTRICT COURT, EASTERN DISTRICT OF TEXAS, TYLER DIVISION

Reviews of local education agencies pertaining to compliance with Title VI Civil Rights Act of 1964 and with specific requirements of the Modified Court Order, Civil Action No. 5281, Federal District Court, Eastern District of Texas, Tyler Division are conducted periodically by staff representatives of the Texas Education Agency. These reviews cover at least the following policies and practices:

(1) acceptance policies on student transfers from other school districts;

(2) operation of school bus routes or runs on a nonsegregated basis;

(3) nondiscrimination in extracurricular activities and the use of school facilities;

(4) nondiscriminatory practices in the hiring, assigning, promoting, paying, demoting, reassigning, or dismissing of faculty and staff members who work with children;

(5) enrollment and assignment of students without discrimination on the basis of race, color, or national origin;

(6) nondiscriminatory practices relating to the use of a student's first language; and

(7) evidence of published procedures for hearing complaints and grievances.

In addition to conducting reviews, the Texas Education Agency staff representatives check complaints of discrimination made by a citizen or citizens residing in a school district where it is alleged discriminatory practices have occurred or are occurring.

Where a violation of Title VI of the Civil Rights Act is found, the findings are reported to the Office for Civil Rights, U.S. Department of Education.

If there is a direct violation of the Court Order in Civil Action No. 5281 that cannot be cleared through negotiation, the sanctions required by the Court Order are applied.

TITLE VII, CIVIL RIGHTS ACT OF 1964 AS AMENDED BY THE EQUAL EMPLOYMENT OPPORTUNITY ACT OF 1972; EXECUTIVE ORDERS 11246 AND 11375; EQUAL PAY ACT OF 1964; TITLE IX, EDUCATION AMENDMENTS; REHABILITATION ACT OF 1973 AS AMENDED; 1974 AMENDMENTS TO THE WAGE-HOUR LAW EXPANDING THE AGE DISCRIMINATION IN EMPLOYMENT ACT OF 1967; VIETNAM ERA VETERANS READJUSTMENT ASSISTANCE ACT OF 1972 AS AMENDED; IMMIGRATION REFORM AND CONTROL ACT OF 1986; AMERICANS WITH DISABILITIES ACT OF 1990; AND THE CIVIL RIGHTS ACT OF 1991.

The Texas Education Agency shall comply fully with the nondiscrimination provisions of all federal and state laws, rules, and regulations by assuring that no person shall be excluded from consideration for recruitment, selection, appointment, training, promotion, retention, or any other personnel action, or be denied any benefits or participation in any educational programs or activities which it operates on the grounds of race, religion, color, national origin, sex, disability, age, or veteran status (except where age, sex, or disability constitutes a bona fide occupational qualification necessary to proper and efficient administration). The Texas Education Agency is an Equal Opportunity/Affirmative Action employer.
